The print music and/or lyric sheets are in the google folder link.

They need to be accessible online, as well as links to the video/audio.

Can they be attached to the info on the website? (<https://anvilcentre.com/events/winter-celebrations/>)

Some key talking points for communication

Format of the event

1. People arrive to the main floor of Anvil Centre
2. At the beginning of the event, folks will be asked to move into sections. If they are singing the main melodies, they will stand together. If they are singing choral parts, they will stand in sections (SATB)
3. The director will help folks practice parts and clarify any questions before we try singing through the whole song together with our accompanist.
4. When in doubt, sing the melody!

Goal

To sing together

To be together as a community

To animate the Anvil Centre with song and people

To kick-off the Winter Celebrations with a multi-generational event for all community members to enjoy

Never sang with others before? That's OK! You are welcome and we will guide you through it!

Experienced choral singers? Fantastic! You will be anchoring the music and helping others to access the wonder of group singing.
